Punta Gorda and Port Charlotte are located in Southwest Florida at the confluence of the Peace River and Charlotte Harbor. Charlotte Harbor is the second largest harbor in the state of Florida and offers 125 miles of pristine boating water. In addition to great boating, Punta Gorda/Port Charlotte has a lot to offer golf enthusiasts. In 2005, Golf Digest ranked Punta Gorda #3 on their list of best cities for golf in the country. In 2003, MSN House and Home ranked Punta Gorda #4 on their "America's Best Places to Live" list. Money Magazine has also ranked Punta Gorda the #1 city in Florida several times in the last 10 years. Come see why Punta Gorda/Port Charlotte is the place to live and play in Southwest Florida.

Most places in Florida have the intracoastal (a very nice ditch to travel) plus the Atlantic Ocean or Gulf of Mexico (both very large bodies of water). Punta Gorda has both the intracoastal and the Gulf of Mexico. But first and foremost, we have beautiful Charlotte Harbor that offers great fishing, sailing and cruising without the threat of high seas. Come and see why Sail Magazine named Charlotte Harbor as one of the "Top Ten Greatest Places to Sail" in the United States.

All within a few minutes of our Condo:

Golf

Golf is a favorite past time for local residents and visitors. Punta Gorda has the distinction of being ranked the third best city in America for golf by Golf Digest. This ranking was based upon access, weather, value and quality of golf. We are proud to be recognized for this accomplishment.

We have a number of private, semi-private and public golf courses in our area.

Boating

As a waterfront community, boating is probably our biggest leisure activity. Learn more about the boating opportunities that await you here in Punta Gorda.

Fishing

Hand-in-hand with boating, fishing is also a big activity here. You can fish the canals, the harbor or take a trip to the gulf for a real treat.

Punta Gorda is ideally located in a fisherman's paradise. Charlotte Harbor & the Gulf Islands have emerged as one of the world's top sport fishing destinations. With over 129 square miles of protected fishable waters, over 75 square miles of pristine grass flats and deep sea excursions into the Gulf of Mexico, Charlotte Harbor's incredible diversity of great fishing is hooking anglers from around the world. Tarpon, snook, redfish, barracuda, cobia, Spanish mackerel, king mackerel, pompano, bluefish, jacks, sheepshead, numerous species of grouper and many other species of sport and game fish regularly traverse between the Gulf of Mexico and Charlotte Harbor. While some fish are seasonal, you can catch many species year round.

Beaches

Port Charlotte Beach is a small park located on the north side of Charlotte Harbor and is the only beach directly in our area. However, within a 30 minute drive, there are plenty of other options including Boca Grande, Englewood Beach and Ft. Myers Beach. If you are willing to go 45-60 minutes away, you can reach either Naples or Sarasota, including Siesta Key. Use this section to learn more about the area beaches.
